

CDS802

COIN DEPOSIT AND RECYCLING SYSTEM

CDS802/SDM504
Complete cash recycling solution
coins and notes

CDS802

High performance coins recycling unit studied for small and medium size shops, gambling halls, chemist's, tobacconist's, cinemas, public transport companies, gas stations...
It drastically reduces the time spent in the back office for the preparation of the daily float and for the cash collection at the end of the day and, through online connection, optimizes the retail/bank/CIT cooperation.
